PROFESSIONAL SUMMARY

Full Stack Developer with experience building web and mobile apps using Next.js, React Native, Node.js, Express.js, and modern databases. Worked on production APIs, responsive UIs, authentication, and end-to-end project development.

EXPERIENCE

Future Craft AI

Junior Software Development Engineer (Intern) | March 2025 - June 2025

- Architected and integrated 12+ REST APIs into Next.js frontend components, optimizing dynamic data rendering and reducing data retrieval latency by 25%.
- Translated complex Figma wireframes into fully responsive, pixel-perfect UI screens using React and Tailwind CSS, improving cross-device compatibility and mobile user engagement.

Abhyaas IIT ([abhyaasiit.com](#))

Android Developer (Intern) | Sept 2025 - March 2026

- Engineered an end-to-end mobile application using React Native and Expo for mock tests and live quizzes, successfully scaling the platform to support 10,000+ active students.
- Translated 50+ Figma designs into fully responsive, high-performance UI screens, ensuring a seamless and intuitive user experience.
- Developed and optimized core mobile features, including complex navigation flows and efficient data handling for real-time test environments.
